##### "POULTRY AND POULTRY PRODUCTS ACT."

NOTICE is hereby given that by Order in Council No. 533, approved the 22nd day of March, 1950, His Honour the Lieutenant-Governor in Council has been pleased to approve the following regulations, to be known as "The Frozen-egg Regulations," made by the Minister of Agriculture pursuant to the provisions of section 4 of the "Poultry and Poultry Products Act," chapter 258 of the "Revised Statutes of British Columbia, 1948"; and that regulations made by Order in Council No. 201, approved February 4th, 1950, were rescinded by Order in Council No. 784, approved April 18th, 1950:—

##### THE FROZEN-EGG REGULATIONS.

1. These regulations may be cited as "The Frozen-egg Regulations."

2. In these regulations, unless the context otherwise requires:—

- (a) "Act" means the "Poultry and Poultry Products Act," chapter 258 of the "Revised Statutes of British Columbia, 1948";
- (b) "Canadian frozen-egg standards" means the standards with respect to grades, grade markings, premises and equipment, and containers as established by the Live Stock and Live Stock Products Act (Canada), 1939, and regulations thereunder;
- (c) "Egg-meat" means egg-yolk and egg-whites, whether separate or mixed, from which the shell has been removed and with or without added ingredients;
- (d) "Frozen egg" means frozen whole egg, frozen egg-yolk, and frozen egg-whites, with or without added ingredients, which

has not been denatured and which is packed in containers not bearing, in accordance with the provisions of these regulations, the words "Not for Human Consumption":

- (e) "Frozen egg-whites" means the white, or albumen, of egg, separated from the yolk, with or without added ingredients, and frozen;
- (f) "Frozen egg-yolk" means the yolk of egg, separated from the white, with or without added ingredients, and frozen;
- (g) "Frozen whole egg" means liquid egg with yolk and albumen mixed together, with or without added ingredients, and frozen;
- (h) "Licensed premises" means premises with respect to which a licence has been issued by the Minister authorizing the preparation of frozen egg in such premises;
- (i) "Minister" means the Minister of Agriculture;
- (j) "Inspector" means any person appointed, or authorized, by the Lieutenant-Governor in Council pursuant to section 3 of the "Poultry and Poultry Products Act."

3. The grades for frozen egg under these regulations shall be the Canadian Frozen-egg Standard Grades, and the markings and containers shall be as defined in the Canadian Frozen-egg Standards.

4. No person shall sell, ship, transport, or deliver egg-meat in other than frozen form. Egg-meat shall be considered to be in frozen form only if no portion of the product in any container is in liquid or semi-liquid form.

5. No person shall sell, ship, transport, deliver, advertise, or hold in possession for sale any frozen egg, unless such frozen egg is graded, packed, and marked according to the Canadian Frozen-egg Standards, and unless it has been prepared in licensed premises.

6. Any frozen egg which is below the standard for Grade C and any frozen egg produced from shell-eggs classified as "rejects" under the Regulations respecting the Grading, Packing, and Marking of Eggs shall be deemed to be unsuitable for human consumption. The container of such frozen egg shall have applied to it, on the side and on the lid, in indelible letters not less than an inch and one-half in height, the words "Not for Human Consumption," and must be denatured before freezing by means of the addition of a suitable dye approved by the Minister.

7. (1) No person shall engage in the preparation of frozen egg, except in premises with respect to which a licence has been issued by the Minister.

(2) The Minister may, upon application therefor, issue a licence in respect of a premises for the preparation of frozen egg if, in his opinion, such premises comply with the following:—

- (a) The premises are clean, sanitary, and equipped with adequate ventilation to remove objectionable odour;
- (b) The size and arrangement of the premises or room in which eggs are broken and packed are adequate for properly handling the product;
- (c) The floor, walls, and ceiling of the breaking-room are constructed in such manner as to permit thorough washing and cleaning;
- (d) The breaking-room is to be used only for the purpose during the season when egg-breaking is in operation and shall be separated by partitions from rooms used for any other purposes;
- (e) All windows and doors giving direct access to the breaking-room are provided with screens, and doors are equipped with automatic closing devices:

- (f) Washrooms and toilets do not open directly into the breaking-room and are equipped with odourless soap and paper hand-towels:
  - (g) All tables have a smooth metal top of monel metal or stainless steel and are constructed in such a manner as to facilitate efficient cleaning:
  - (h) All liquid containers, including cups and buckets, are of an approved type, free from rough soldering, rusted spots, dents, open seams, or other defects which make thorough cleaning difficult:
  - (i) The breaking-room is equipped with, at least, a three-section tank for washing, rinsing, and sterilizing breaking-utensils, and preferably with a four-section tank to provide a section for the rinsing of utensils before washing:
  - (j) Proper sanitary equipment is provided for draining utensils after washing, which equipment shall be capable of holding, without nesting, all breaking trays, knives, cups, and liquid-egg pails:
  - (k) All overhead egg-conveyers are installed in such a manner as to avoid any contamination of the egg-meat:
  - (l) Filters or centrifugal clarifiers of an approved type are provided, through which all egg-meats are to pass for the removal of shell and foreign matter; and
  - (m) Proper containers are provided for the disposal of rejected eggs.
- (3) The Minister may cancel a certificate if, in his opinion, the premises do not comply with the requirements of these regulations, or if, in his opinion, the owner or operator of the station has violated, or failed to comply with, any of the provisions of the Act, or of these regulations.
- (4) Every licence issued under these regulations shall, unless sooner cancelled, expire on the thirty-first day of December following the date of issuance.
- (5) No operator of a licensed premises shall pack any frozen egg which is not graded, packed, and marked in accordance with these regulations.
- (6) No operator of a licensed premises shall purchase, receive, ship, or transport any eggs that have been in an incubator, and should eggs that have been in an incubator be found in a licensed premises, the licence of such premises may be cancelled.
8. (1) An Inspector may detain and place under detention any frozen egg which has been graded, packed, marked, shipped, transported, or imported in violation of the Act, or of these regulations.
- (2) The Inspector shall attach to one or more containers in any lot placed under detention a tag or label, which shall bear the words "Under Detention—Department of Agriculture."
- (3) Immediately after placing any frozen egg under detention, the Inspector shall deliver or mail to the owner of the frozen egg, or his agent, a duly completed form of Notice of Detention. If such frozen egg is in premises other than those of the owner, a copy of the Notice of Detention shall be given to the person in whose premises the frozen egg is located.
- (4) The Inspector shall designate in the Notice of Detention the premises to which any detained frozen egg shall be taken for correction.
- (5) Any detained frozen egg which upon examination is found to be below the standard for Grade C shall have applied to the containers thereof, on the side and on the lid, in indelible letters not less than an inch and one-half in height, the words "Not for Human Consumption," and shall be denatured by means of the addition of a suitable dye.

(6) When an Inspector is satisfied that any detained frozen egg complies with these Regulations, he shall issue a duly completed form of Notice of Release. One copy of such notice shall be delivered to the owner, or his representative, and one copy to the person in possession of the frozen egg.

(7) Detention tags or labels shall not be removed from any container of frozen egg unless a Notice of Release covering such frozen egg has been issued by an Inspector.

## LEGISLATIVE ASSEMBLY.

### PRIVATE BILLS.

#### EXCERPT FROM STANDING ORDERS RELATING TO PRIVATE BILLS.

100. (1) All applications to the Legislative Assembly for Private Bills of any nature whatsoever shall require the publication of a notice clearly and distinctly specifying the nature and object of the application, and when the application refers to any proposed work, indicating sufficiently the location of the work, to be signed by or on behalf of the applicant.

(2) Such notice shall be published in The British Columbia Gazette and once a week in one leading daily newspaper freely circulating in all parts of the Province. The notice in such newspaper to appear on Wednesday of each week.

(3) When the proposed Bill is of such a nature that it may particularly affect one or more electoral districts, the notice shall furthermore be published once a week if possible in some newspaper in every electoral district affected, or if there be no newspaper published therein, then in a newspaper published in the electoral district nearest thereto.

(4) The publication of such notice shall in all cases be continued for a period of four weeks during the interval of time between the close of the next preceding Session and the consideration of the petition.

97. No petition for any Private Bill shall be received by the House after the first ten days of each Session, nor may any Private Bill be presented to the House after the first three weeks of each Session, nor may any report of any Standing or Select Committee upon a Private Bill be received after the first four weeks of each Session, and no motion for the suspension or modification of this Standing Order shall be entertained by the House until the same has been reported on by the Committee on Standing Orders, or after reference made thereof at a previous sitting of the House to the Standing Committees charged with the consideration of Private Bills, who shall report thereon to the House. And if this rule shall be suspended or modified as aforesaid, the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the petition has been received after the time hereinbefore limited, shall in either case pay double the fees required in respect of such Bill by this rule, unless the House shall order to the contrary.

98. (1) Any person seeking to obtain any Private Bill shall deposit with the Clerk of the House, eight clear days before the opening of the Session:—

- (a) A printed copy of such Bill;
- (b) A copy of the petition to be presented to the House;
- (c) Copies of the notices published, with publication proved by a statutory declaration or affidavit to the satisfaction of the Clerk of the House.

(2) At the time of depositing the Bill and petition the applicant shall also pay to the Clerk of the House the sum of three hundred dollars.

(3) If a copy of the Bill, petition, and notices proved as aforesaid shall not have been so deposited in the hands of the Clerk of the House at least eight clear days before the opening of the Session or if the petition has not been presented to the House within the first ten days of the Session, the amount to be paid to the Clerk shall be six hundred dollars. If the Bill shall not pass second reading one-half of the fees shall be returned.

101. Every petition signed by an agent or attorney in fact shall be accompanied by the authority of such agent or attorney in fact, and the petition shall not be deemed to be filed with the Clerk until this is done.

102. Before any petition praying for leave to bring in a Private Bill for the erection of a toll-bridge is received by the House, the person or persons intending to petition for such Bill shall, upon giving the notice prescribed by Standing Order 100, also at the same time and in the same manner give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts or vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

103. (1) All Private Bills for Acts of incorporation shall be so framed as to incorporate by reference to the clauses of the general Acts relating to the details to be provided for by such Bills: Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the general Act is proposed to be departed from. Bills which are not framed in accordance with this Standing Order shall be recast by the promoters and reprinted at their expense before any Committee passes upon the clauses.

(2) Every Bill for an Act of incorporation, where a form of model Bill has been adopted, shall be drawn in accordance with the model Bill (copies of model Bills may be obtained from the Clerk of the House). Any provisions contained in any such Bill which are not in accord with the model Bill shall be inserted between brackets or underlined, and shall be so printed.

(3) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the notice of application for same.

107. All Private Bills shall be prepared by the parties applying for the same, and printed in small-pica type, twenty-six ems by fifty ems, on good paper, in imperial octavo form, each page when folded measuring 10¾ inches by 7½ inches. There shall be a marginal number every fifth line of each page; the numbering of the lines is not to run on through the Bill, but the lines of each page are to be numbered separately. Three hundred copies of each Bill shall be deposited with the Clerk of the House immediately before the first reading. If amendments are made to any Bill during its progress before the Committee on Private Bills, or through the House, such Bill shall be reprinted by the promoters thereof.

In the case of Bills to incorporate companies, in addition to the fee of \$300 mentioned in Rule 98, fees calculated on the capital of the company are payable at the same time. Further particulars can be had on application to the undersigned.

All cheques in payment of fees must be certified.

Dated January 5th, 1949.

E. K. DEBECK,  
Clerk, Legislative Assembly.

I HEREBY CERTIFY that "British Columbia Lithographers' Association," has this day been incorporated as a Society under the "Societies Act."

The locality in which the operations of the Society will be chiefly carried on is Vancouver, in the Province of British Columbia.

Given under my hand and seal of office at Victoria, Province of British Columbia, this fourth day of April, one thousand nine hundred and fifty.

[L.S.] A. H. HALL,  
*Deputy Registrar of Companies.*

The objects of the Society are:—

(1) To effect a complete organization of the employing lithographers in the Province of British Columbia in order to constantly and continuously improve and maintain the best possible conditions in the lithographing industry in every possible and lawful manner:

(2) To establish better trade relations between individual lithographers and to formulate and standardize a code of ethics and trade customs for the guidance of its members in their dealings with each other and with their customers:

(3) To encourage and foster co-operation between the employing lithographers, to promote the amicable settlement of differences among the members to the end that the evils of ignorant and ruinous competition may be eliminated, to make competition more honourable, just, and reasonable by the spread of

wider knowledge of the elements of cost, the proper remuneration for services rendered and the necessity of selling at a reasonable profit:

(4) To maintain a credit bureau for the collection and dissemination of credit information to keep on record for the use of all subscribing members, to keep on record methods of buyers that may be of value to the members:

(5) To create a legislative committee for the purpose of investigating and promoting the legitimate interests of the industry:

(6) To compile and distribute to the members general information in the lithographing industry in other centres, and for this purpose to affiliate with and maintain close contact with similar organizations having in total or in part like objects to this Association:

(7) To collect and distribute to its members information on wage rates and union contracts in effect in other cities; to deal as a group with labour unions in contract negotiations and in the settlement of disputes arising out of union contracts to the end that the best interests of the entire industry and the individual employees will be considered and that any actions taken will not jeopardize the welfare of the industry; to assist members of the Association in developing and expanding better employee-employer relationship to the end that the lithographing industry will maintain a high standard of competent satisfied workers and thereby achieve maximum production efficiency:

(8) To formulate and encourage an educational programme for the training of lithographic employees to the end that the industry may benefit from improved methods and increased skills:

(9) To provide such further bureau services as shall, from time to time, be deemed expedient for the protection or promotion of the best interests of the membership. 4828-ap13

## WORKMEN'S COMPENSATION BOARD.

### "WORKMEN'S COMPENSATION ACT."

PURSUANT to the provisions of the "Workmen's Compensation Act," the Workmen's Compensation Board has adopted, after a public hearing held at Vancouver, B.C., on October 28th, 1949, the following accident-prevention regulations, effective on and after the publication hereof in The British Columbia Gazette:—

#### ACCIDENT-PREVENTION REGULATIONS.

##### 1. In these regulations:—

- (a) "Elevator" shall mean any premises or structure used for the storage or handling of bulk grain and which has a total storage capacity of not less than 125,000 bushels;
- (b) "Gallery" shall mean that portion of an elevator above ground-level which connects two or more buildings;
- (c) "Marine tower" shall mean that portion of an elevator, either stationary or portable, used for the receiving of grain from vessels;
- (d) "Storage building" shall mean that portion of an elevator used for the storage of grain;
- (e) "Shipping gallery" shall mean that portion of an elevator used for conveying grain to vessel loading-spouts;
- (f) "Tunnel" shall mean that portion of an elevator, at or below ground-level, which connects two or more buildings; and
- (g) "Work-house" shall mean that portion of an elevator used for the receiving, weighing, cleaning, and shipping of grain;
- (h) "Adequate" shall mean in accord with the National Fire Codes, Volume 11, 1946.

#### Ventilation.

2. *Windows.*—Ventilation by mechanical means shall be used in work-house buildings and operating rooms which do not have window ventilating area in the ratio of one or more square feet for every 160 cubic feet of room volume, not including any enclosed spaces within the room.

3. *Basements.*—(1) Rooms and areas in basements other than work-house basements, tunnels shall be adequately ventilated by windows, louvers, ventilating-pipes, or by mechanical means.

(2) During periods of operation, sufficient windows and exterior doors shall be open to provide adequate ventilation.

4. *Roofs.*—Where no mechanical means of ventilation is used and adequate ventilation by windows or openings cannot be provided, the roofs of track-sheds, tunnels, and cupolas shall be provided with monitors or ventilators which, in conjunction with windows, provide frequent change of air.

#### Equipment.

5. *Elevator Legs.*—(1) Elevator leg shall be enclosed in separate casings for both up- and down-legs, except where running through a beltway between bins.

(2) The beltway shall be tightly closed at the top and bottom and shall be hopped to prevent accumulation of dust.

(3) Heads shall be hopped to the down- or up-leg, but not to both.

(4) Leg-casings and connecting-spouts and doors or other openings into them shall be dust-tight.

(5) No wood or wood-rim pulleys shall be used.

(6) Boots hereafter installed shall be above the floor.

(7) Boots shall be so constructed as to minimize the possibility of chokes.

(8) Where grain is delivered to a boot by a conveyer-belt, the belt shall be equipped with an automatic mechanical or electrical device that will stop the belt or notify the operator when the leg stops.

6. *Cleaners.*—(1) Cleaning or other grain-processing machinery hereafter installed in non-combustible elevators shall be of non-combustible construction.

(2) Cleaners and similar machines hereafter installed shall be set above the floor not more than 8 inches, if practicable, to provide access for sweeping.

7. *Magnetic or Pneumatic Separators.*—Magnetic or pneumatic self-cleaning separators shall be provided ahead of all shellers, crackers, crushers, and grinding-machinery.

8. *Friction-clutches.*—Friction-clutches hereafter installed shall be constructed entirely of non-combustible material.

9. *Screw-conveyers.*—Screw-conveyers shall be fully enclosed in tight, substantial metal housings, with free-lifting covers at discharge and over each shaft coupling.

10. *Bearings.*—(1) Bearings hereafter installed for shafts in elevator machinery running 250 revolutions or more per minute shall be equipped with ball or roller bearings.

(2) Bearings shall be provided with dust-caps or other tight closure of all lubrication inlets.

11. *Space under Conveyers.*—On conveyer-belts hereafter installed, there shall be at least 6 inches clear space under rollers supporting the belt.

12. *Non-choking Devices.*—A garner shall be equipped with a reliable "telltale" or other device to guard against overfilling.

13. *Spouts and Throw of Grain in the Open.*—(1) All spouts, whether stationary, portable, or movable, shall be enclosed and made as dust-tight as possible.

(2) There shall be no throw of grain in the open for considerable distances not confined in spouts, except where grain is discharged inside bins or tanks.

14. *Grain-driers.*—(1) Driers hereafter installed shall be separated from each other by dust-tight partitions located in a fire-resistive room or rooms as far removed from elevator or tanks as practicable.

(2) Driers hereafter installed shall be of the dust-collecting type, with the dust removed by the elevator dust-collection system.

(3) Direct-heat driers shall be of an approved type. They shall be equipped with a reliable automatic means for regulating temperature in drier and a separate automatic device which will prevent temperature rising to a dangerous point.

#### Dust-control Systems.

15. *Heads, Boots, Garners, and Scales.*—(1) Heads, boots, and garners shall be dust-tight and provided with adequate positive air-aspiration or effective vents to outside.

(2) Scale-hoppers shall be enclosed around the top between the scale-hopper and the garner-bottom, and shall be provided with effective vent to outside or into the garner.

16. *Belt-loaders.*—Places where grain is discharged on to belts shall be provided with adequate positive air-aspiration.

17. *Belt Discharges and Trippers.*—(1) Places where belts discharge grain or reload grain shall be provided with adequate positive air-aspiration above and below the grain-stream.

(2) Trippers shall be equipped with adequate positive air-aspiration so arranged that connection can be made readily to trunk suction-pipe.

18. *Machines and Distributing-spouts.*—Cleaning and similar machines and distributing-spouts which liberate an appreciable amount of dust shall be provided with adequate

positive air-aspiration, unless adequate ventilation by windows or ventilator-pipes is otherwise provided.

19. *Shipping or Transfer Conveyer Galleries.*—Where grain is discharged from a belt or is transferred from one belt to another in a conveyer gallery at a distance of 100 feet or more from any elevator building and where the gallery is adequately ventilated by windows, the provisions of Regulations 16 and 17 shall not apply.

20. *Car Loading and Unloading.*—(1) The dust liberated by car loading shall be controlled by enclosing the car-door opening around the car spout with an adjustable hood, and by applying adequate positive air-aspiration to the hood, or by other as effective means.

(2) Dust liberated by car unloading, especially where car dumpers are used, shall be controlled by enclosing as much of the top and bottom of the track hoppers as practicable, and by applying adequate positive air-aspiration to the enclosures, or by other as effective means.

21. *Storage Annexes.*—Where basement tunnels and cupolas of storage annexes are adequately ventilated by windows or ventilator-pipes, the provisions of Regulations 16 and 17 shall not apply.

22. *Sweeping.*—(1) Dust on floors, machinery, and other surfaces, including all galleries and tunnels, shall be removed as frequently as necessary to keep building clean, by sweeping with suitable hair or soft-fibre push-brooms or by vacuum sweeping equipment.

(2) As many sweepers shall be so employed as are necessary to keep the building clean.

(3) Spills and chokes shall be cleaned up promptly.

23. *Floor-sweeps.*—Floor-sweeps connected to the dust-collecting system shall be located at convenient points throughout the building to facilitate the disposal of floor-sweepings.

24. *Dust Control and Disposal.*—(1) The entire dust-control system shall be designed and installed in accordance with recognized engineering practice effectively to prevent dust from entering the atmosphere in the elevator and to avoid the pick-up of solid grain.

(2) Dust and air in the system shall be discharged to dust-collectors, and the discharge of air from the dust-collectors shall be to the outdoors.

(3) Collected dust shall be removed from the dust-collectors by suction and discharged through a dust-collector to a suitable outside bin, to a boiler-room, or to a suitable refuse-screening bin.

(4) No dust shall be returned to the grain-stream from a dust-collector, except at the car loading-spouts and above the bottom of the track hoppers.

(5) There shall be no direct open connection between dust-collectors and boiler-room or incinerators.

#### *Electrical Equipment.*

25. Electric wiring, electric installations, electric appliances, and equipment hereafter installed shall conform to the requirements of the "Electrical Energy Inspection Act."

#### *Miscellaneous.*

26. *Heating.*—(1) Every boiler-room shall be fully enclosed with suitable non-combustible materials.

(2) The boiler-room of an elevator hereafter erected shall have no openings between it and any working-floor of the elevator, except those required for the transmission of power, electricity, heat, and water.

(3) Every boiler-room heretofore erected shall have a self-closing fire-door on every doorway opening into any working-floor of the elevator.

(4) Radiators, steam-pipes, and electric heating appliances shall be kept free from all combustible material.

27. *Steam-locomotives.*—Steam-locomotives shall not be permitted to enter elevators or track-sheds with receiving hoppers.

28. *Smoking.*—(1) Smoking is prohibited in every elevator, except in a designated fire-proof room having no direct inter-communication with any working-floor in the elevator.

(2) The room shall be equipped with electric lighting devices.

(3) Signs prohibiting smoking shall be posted in conspicuous places throughout the elevator building.

(4) No person in an elevator shall carry or have upon his person matches, cigarette lighters, or contrivances or devices for lighting.

(5) Each elevator shall be provided at its employees' entrance with two covered fire-proof receptacles, one for matches and the other for cigars and cigarette-butts and pipe contents.

(6) Each receptacle shall be plainly labelled to show the purpose for which it is provided.

(7) No person shall enter the elevator without first depositing in the receptacle all the materials mentioned in Subregulation 5.

29. *Open Flames.*—Open flames or welding operations are prohibited in an elevator, unless all machinery is shut down and the atmosphere and all adjacent surfaces freed of combustible dust.

30. *Waste-cans.*—Metal waste-cans with self-closing covers shall be provided on each floor of the elevator containing machinery for oily waste or other rubbish, and the cans shall be emptied daily.

31. *Lockers.*—Workmen's clothing shall be kept in suitable metal lockers in a fire-resistive room reasonably free from dust or in a separate building.

32. *Eating-rooms.*—An eating-room shall be provided for the use of the employees and shall have a satisfactory dust-tight partition between it and the working areas or be in a separate building; but if located in the elevator, exits leading directly to the outdoors shall be provided.

33. *Oils.*—(1) Main storage of lubricating-oil and grease shall be outside the elevator building.

(2) Storage of lubricating-oil and grease in the building shall be limited to a maximum of six barrels and shall be in an oil-room constructed of non-combustible materials.

34. *Miscellaneous Storage.*—No equipment or material of a combustible nature shall be kept within any main elevator building, except in space protected by fire-walls and fire-doors.

35. *Static Electricity.*—(1) Where tests indicate the presence of static-electricity accumulations, the electricity shall be removed by permanent ground-wires, metal combs, and other effective means.

(2) The grounding circuit shall have a resistance of 25 ohms or less.

(3) Static grounds shall not be made to electric conduit systems, gas or steam pipes, dry-pipe sprinkler or steam-pipe systems, or lightning-rods.

36. *Plans.*—The Board may examine and pass on plans submitted by the operators for any necessary alteration, installation, or addition undertaken as a direct result of these regulations.

Dated at Vancouver, B.C., this 25th day of April, 1950.
